Will they come back?

osocios.club — The operating system for private clubs

We will bring you your new members

osocios.club — The operating system for private clubs

No names. No data. No way back.

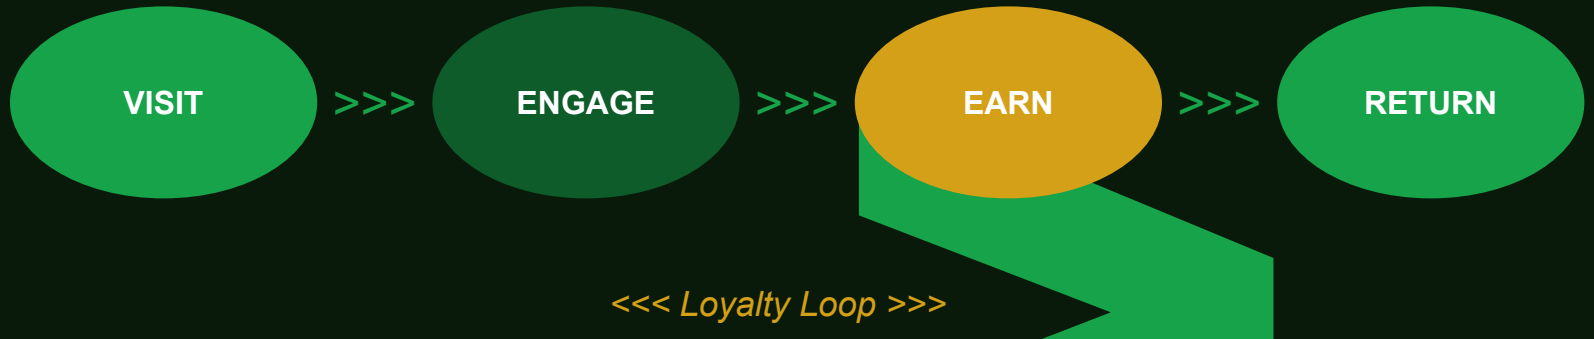
Members visit. They spend. They leave. You have no way to bring them back, reward them, or even know who they are.

Empty chairs.

Lights dim.

No one's coming back.

The best clubs don't just open the door. They build a loop.



Engage your new members

A platform where you can search events, do quests, win bonuses and browse offers.

Spin. Win. Return.

A customizable prize wheel that turns every visit into a game.

- Custom wheel segments (you decide prizes & odds)
- Members level up (1>10) the more they engage
- Fractional spins (0.5 for small, 3 for big actions)
- Staff verify and award prizes in one tap
